Dear Mgr. Jedlicka,

In weekly Respekt issue nr. 39, year 2000 we have published an article "All Prime Minister Gangsters" from which emerged a statement, that six years later you were incarcerated due to falsification of 12 million promissory notes.

In weekly Respekt issue nr. 40, year 2000 we have published an article "Marion from hotel Marriot" from which emerged a statement, that you falsified obligatory bonds to be used on later date in drug trade laundering.

In weekly Respekt issue nr. 42, year 2000 we have published an article "Five men from Baghdad" from which emerged that Jedlicka was once investigated in conjunction with an attempt to export illegally weapons to Iran roughly for 1 billion dollars and was judged for falsifying notes in the amount of 12 million dollars.

The above stated data are not true and therefore we apologize for such publication in magazine Respekt.
